

## Football: Player Stats Validation

Last Modified on 22/04/2024 3:13 pm AEST

The Functionality can be turned on by Competition (when adding/editing a Competitions settings) and will only work with a minimum of the following Team Stats being configured for a Competition:

- Half Time Score
- Full Time Score
- Yellow Cards
- Red Cards

This functionality will display a warning message if Player Stats do not match the Team Stats, Minute has not been indicated for a Player Stat and no value has been entered for the following Team Stats:

- > Half Time Score
- > Full Time Score
- > Yellow Cards
- > Red Cards

If any of the above issues are found, the Match Scores will not be saved and a dialog box with the issue will display. Only once all issues have been resolved will the Final Match Scores be able to be saved.

## Configure a Competition with Player Stats Validation

1. Hover over *Competitions* and click **List Competitions**.
