

Organisation Dashboard | Overview

Last Modified on 16/10/2023 1:16 pm AEDT

In GameDay Passport, each organisation has access to its own Dashboard, which summarises the organisation details and contacts and provides high-level insight reports to summarise the member data stored in the database.

Upon logging into your organisation, you will automatically land on the **Dashboard**, however you can get back to this page at any time by clicking the **DASHBOARD** option in the left-hand menu:

Dashboard Features

Your Organisation Dashboard offers a number of different features, including:

GameDay Passport Training

1

Members registered via forms

1. Organisation Logo: Shows your current Organisation Logo, including the ability to add or edit a logo.

2. Organisation Details: Shows your current Organisation Details including contact details and address, and allows you to edit your organisation's details.

3. Organisation Contacts: Shows your organisation's contacts including their name, role, email address and mobile number, and allows you to edit existing contacts or add new contacts to your database.

4. Stats: Shows a series of statistical insights summarising your member data through various metrics, and allows you to show or hide certain widgets using the **Configure** option.

NOTE: the stats graphs update the first of every month.

For more information on processes relevant to the **Organisation Dashboard**, please refer to the **Related Articles** section of this article.
